**In recognition of the superior locking performance of the Bristol "Quattro-IV Security Systems, Winchester offers an additional Home Security fifty year guarantee. Winchester Industries, manufacturer of the Bristol "Quattro IV Security Systems" issues this additional guarantee of limited insurance deductible reimbursement to:

The Winchester products listed below carry this guarantee, as well as Winchester's regular fifty year warranty covering parts, glass, etc.: 1. Double Hungs with Triple Glass and exclusive Quattro IV Security System. 2. Casement windows with Triple Glass and Dual Cam Action Security System. 3. Swing N' Slide units with triple glass and four point locking system. 4. Patio Doors with Q-IV security lock system.

Winchester Windows and Doors that include a "Quattro IV Security System", are designed to deter residential forced entries/burglaries through properly locked windows and doors by increasing the difficulty level of entry. The Q-IV systems, as any other system on the market, cannot ever make a residence 100% forced entry/burglar proof. Proper use of a Q-IV Security System should discourage completions of forced entries/burglaries. This guarantee will automatically transfer ownership if an original warranty is transferred.

To qualify for reimbursement, the owner must send to Winchester Industries, P.O. Box 160, Saltsburg, PA 15681, Attn:Q-IV, the following:

1. Written request for reimbursement that includes name, address, and phone number.
2. This original Quattro IV Security System Guarantee (completed in full).
3. Copy of police report to verify forced entry/burglary through a properly locked Bristol Q-IV System, (photographs may be required).
4. Copy of declaration sheet from insurance company that states accepted coverage of claim by insurance company for the claimed loss.
